# TI-Conference Program

## Up to date with the latest knowledge at TI-Conference

What contribution does technical insulation make to decarbonizing the industry and increasing energy efficiency in building operation? What needs to be taken into account during the planning phase to ensure that the required standards and guidelines are complied with and that the insulation can be installed properly? And how can corrosion under insulation (CUI) be detected and, in the best case, avoided? The TI-Conference will provide answers to these and many other questions. During the two days of the conference, leading experts will speak on topics from the fields of energy efficiency and sustainability, standards and guidelines, digitization, research and development, as well as maintenance and services. Therefore, be sure to join us when the speakers share their insider knowledge.

At [www.ti-conference](http://www.ti-conference) or via the QR code you can find the current conference program as well as information on the speakers. Please note that the language of the TI-Conference is German.

# TI-Expo Program

## With TI-Expo close to topics, solutions and the right contacts

More than just a trade fair: Together with the industry, TI-Expo offers various highlights and program-points that complement the trade fair experience in terms of networking, socializing and knowledge transfer on site. With the TI-Expo trade fair forum, the Innovation & Experience Area, trade fair tours and a Get-Together you can expect an appropriate mix of lectures, demonstrations and expert discussions.

The current program, including further information on lectures, speakers and projects, can be found at: [www.ti-expo.de/programm](http://www.ti-expo.de/programm) or via the QR code. Please note that the presentations and lectures are usually in German. Therefore, enquire individually with the contact persons on site about english versions/program.

## Day 1 – 4th of May 2022

The presentations and lectures are usually in German. Please enquire individually with the contact persons on site about english versions/program.

TI-Expo Messeforum (A10)				
Time	Format	Program point/topic	Company/project partner	Participants/speaker
09:45–10:15	Greeting/Opening	Welcome and opening of the fair (followed by an exhibition tour)	AFAG Messen und Ausstellungen GmbH	tba
11:00–11:30	Lecture	Specification sustainable technical insulation systems	G+H Group	David Maurer (Business Unit Manager/ Engineering Services at G+H Group)
13:30–14:00	Lecture	Digital fire protection compass	G+H Group	Gerd Friedel (Business Unit Manager at G+H ISOLIERUNG GmbH)
15:30–16:00	Lecture	Recommendations for handling fire dampers containing asbestos	Gesamtverband Schadstoffsanierung e.V. (GVSS)	Olaf Dünger (Division Manager Building Pollutants at Competenza GmbH)

Goebel GmbH booth (C40)				
Time	Format	Program point/topic	Company/project partner	Participants/speaker
10:30–18:00	Workshops and activities	Join in the Goebel GmbH soccer action: Goal wall shooting with prizes	Goebel GmbH	The Goebel team on site

Joint booth associations (C61)				
Time	Format	Program point/topic	Company/project partner	Participants/speaker
10:30–18:00	Open consulting, industry and technical discussions	Networking and finding solutions: Ask your questions to the experts of the DACH trade associations and their partners	Hauptverband der Deutschen Bauindustrie e.V. (HDB); Bundesfachabteilung Wärme-, Kälte-, Schall- und Brandschutz im HDB; Zentralverband des Deutschen Baugewerbes (ZDB); Fördergemeinschaft Dämmtechnik e.V.; Bundesfachgruppe Wärme-, Kälte-, Schall- und Brandschutz im ZDB	Changing contact persons and experts of the individual professional associations and departments
14:30–15:30	International consulting and industry talks	International networking and solution finding in the spotlight: Ask the experts of FESI your questions on site	FESI - European Federation of Associations of Insulation Contractors	Dr. Rudolf Jürcke (President FESI); Jan Zanen (General Secretary FESI)

Get-Together Area (C90)				
Time	Format	Program point/topic	Company/project partner	Participants/speaker
18:00–22:00	Get-Together	Get-together presented by Knauf Insulation (tickets: 35,00€ p.p.)	AFAG Messen und Ausstellungen GmbH; Verlagsgesellschaft Rudolf Müller	tba

The presentations and lectures are usually in German. Please enquire individually with the contact persons on site about english versions/program.

Innovation & Experience Area				
Time	Format	Program point/topic	Company/project partner	Participants/speaker
10:30–18:00	Workshops and activities (B20d)	Energy efficiency consulting & potential analysis; Presentation of the TIPCHECK program; Demonstration of the TBI app; TBI Inspection Rally	European Industrial Insulation Foundation (EiiF); Forschungsinstitut für Wärmeschutz München (FIW); TIAQ – Thermal Insulation Association for Quality; Knauf Insulation	Andreas Gürtler (Foundation Director, EiiF); Roland Schreiner (Department Manager Technical Insulation, FIW München); Silke Weiss (Director TS Sales DACH + BLX & Global Systems, Knauf Insulation)
10:30–18:00	Processes and demonstrations (B20h)	Presentation of the research project PhoTo3D and the isodot by Schwartmanns	Hochschule für angewandte Wissenschaften Würzburg-Schweinfurt (FHWS); Schwartmanns Maschinenbau GmbH	Thomas Pitsch (Head of Sales and Authorized Representative at Schwartmanns Maschinen GmbH); Lukas Hart (Project PhoTo3D, FHWS)
10:30–18:00	Processes and demonstrations (B20i/B20g)	Industry 4.0: Digital measurement, calculation, production, labeling and invoicing	MABI AG; COM CAD Burghardt GmbH	Silvio Lukjantschuk (Digitalization Specialist at MABI AG); Richard Burghardt (Managing director at COMCAD Burghardt GmbH)
10:30–18:00	Processes and demonstrations (B20c)	Demonstrations of a newly developed high temperature material; Demonstration of an energy analysis tool for industry	Bayerisches Zentrum für Angewandte Energieforschung (ZAE Bayern)	Peter Osgyan (deputy group leader at ZAE Bayern)
10:30–18:00	Processes and demonstrations (B20)	Presentation of shortlisted and winners of the TI Award "Product of the Year 2022"	TI – Technische Isolierung	tba
10:30–18:00	Processes and demonstrations	Presentation FIRELOG® – The smart software for your fire protection documentation and ISOPARTNER-PORTAL	ISOPARTNER Deutschland GmbH & Co.KG	Jens Müller-Otto (Sales Manager Fire protection) Carsten Böhme (Marketing)
11:30–12:00	Processes and demonstrations (B20)	CLIMAVER® – self-supporting ventilation duct system	SAINT-GOBAIN ISOVER G+H AG	Markus Laidig (Specification Manager Building Services)
14:00–14:45	Exhibition tour (B20)	Topic: The digital insulator of the future Focus: The MABI Smart Factory, with which you always have the information relevant to your machine at the right time. Walk with us into the smart future!	MABI AG; Berufsförderungswerk der Bauindustrie NRW gGmbH	Markus Biland (Managing director at MABI AG); Silvio Lukjantschuk (Digitalization Specialist at MABI AG); Thomas Supe (Trainer Industrie-Isolierer, Hamm Berufsförderungswerk der Bauindustrie NRW GmbH)
16:00–16:30	Processes and demonstrations (B20h)	Digitalization in sheet metal prefabrication: From digital measurement with innovative measurement technology (PhoTo3D & isodot) to automated laser-assisted production with ULTRA-CUT	Hochschule für angewandte Wissenschaften Würzburg-Schweinfurt (FHWS); Schwartmanns Maschinenbau GmbH	Thomas Pitsch (Head of Sales and Authorized Representative at Schwartmanns Maschinen GmbH); Lukas Hart (Project PhoTo3D, FHWS)

## Day 2 – 5th of May

The presentations and lectures are usually in German. Please enquire individually with the contact persons on site about english versions/program.

TI-Expo Messeforum (A10)				
Time	Format	Program point/topic	Company/project partner	Participants/speaker
11:00–11:30	Lecture	ACC – Acoustic-Competence-Centre	G+H Group	Dr. Andreas Zell (Business Unit Manager G+H Schallschutz GmbH)
16:00–17:00	Closing	Closing of the TI-Expo and subsequent feedback round with all exhibitors, participants and partners, together with the AFAG management and the trade fair project management	AFAG Messen und Ausstellungen GmbH	tba

Goebel GmbH booth (C40)				
Time	Format	Program point/topic	Company/project partner	Participants/speaker
10:30–17:00	Workshops and activities	Join in the Goebel GmbH soccer action: Goal wall shooting with prize	Goebel GmbH	The Goebel team on site

Joint booth associations (C61)				
Time	Format	Program point/topic	Company/project partner	Participants/speaker
10:30–17:00	Open consulting, industry and technical discussions	Networking and finding solutions: Ask your questions to the experts of the DACH trade associations and their partners	Hauptverband der Deutschen Bauindustrie e.V. (HDB); Bundesfachabteilung Wärme-, Kälte-, Schall- und Brandschutz im HDB; Zentralverband des Deutschen Baugewerbes (ZDB); Fördergemeinschaft Dämmtechnik e.V.; Bundesfachgruppe Wärme-, Kälte-, Schall- und Brandschutz im ZDB	Changing contact persons and experts of the individual professional associations and departments
14:30–15:30	International consulting and industry talks	International networking and solution finding in the spotlight: Ask the experts of FESI your questions on site	FESI - European Federation of Associations of Insulation Contractors	Dr. Rudolf Jürcke (President FESI); Jan Zanen (General Secretary FESI)

The presentations and lectures are usually in German. Please enquire individually with the contact persons on site about english versions/program.

Innovation & Experience Area				
Time	Format	Program point/topic	Company/project partner	Participants/speaker
10:30–17:00	Workshops and activities (B20d)	Energy efficiency consulting & potential analysis; Presentation of the TIPCHECK program; Demonstration of the TBI app; TBI Inspection Rally	European Industrial Insulation Foundation (EiiF); Forschungsinstitut für Wärmeschutz München (FIW); TIAQ – Thermal Insulation Association for Quality; Knauf Insulation	Andreas Gürtler (Foundation Director, EiiF); Roland Schreiner (Department Manager Technical Insulation, FIW München); Silke Weiss (Director TS Sales DACH + BLX & Global Systems, Knauf Insulation)
10:30–17:00	Processes and demonstrations (B20h)	Presentation of the research project PhoTo3D and the isodot by Schwartmanns	Hochschule für angewandte Wissenschaften Würzburg-Schweinfurt (FHWS); Schwartmanns Maschinenbau GmbH	Thomas Pitsch (Head of Sales and Authorized Representative at Schwartmanns Maschinen GmbH); Lukas Hart (Project PhoTo3D an der FHWS)
10:30–17:00	Processes and demonstrations (B20i/B20g)	Industry 4.0: Digital measurement, calculation, production, labeling and invoicing	MABI AG; COM CAD Burghardt GmbH	Silvio Lukjantschuk (Digitalization Specialist at MABI AG); Richard Burghardt (Managing director at COMCAD Burghardt GmbH)
10:30–17:00	Processes and demonstrations (B20c)	Demonstrations of a newly developed high temperature material; Demonstration of an energy analysis tool for industry	Bayerisches Zentrum für Angewandte Energieforschung (ZAE Bayern)	Peter Osgyan (Deputy group leader at ZAE Bayern)
